

START / STOP BUTTON

If you do the Gommer Challenge with the Start/Stop button you need a smartphone. You start your timing at the sign "Start of Challenge" and stop it at the sign "End of Challenge". How this works you can read here:

REGISTER

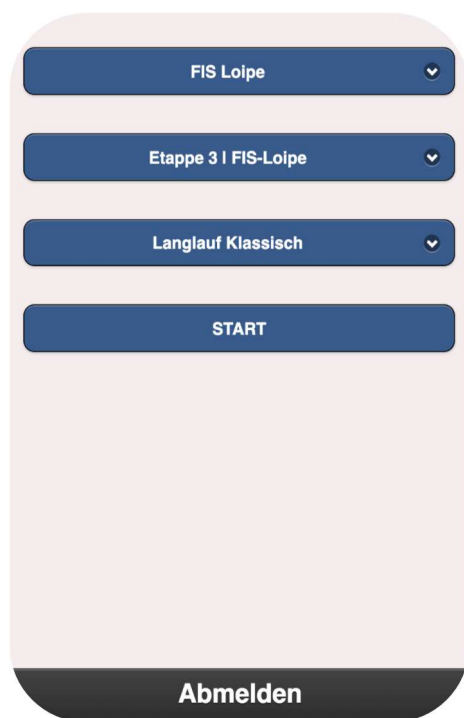

- Go to the stage start location = sign "Start of Challenge".
- Scan QR code or click here and click "Start now"
- "I am starting for the first time" or "I am already registered".
- Your [GPS Ortung](#) must be activated.

1. CHOOSE LOCATION, SPORT AND DISTANCE

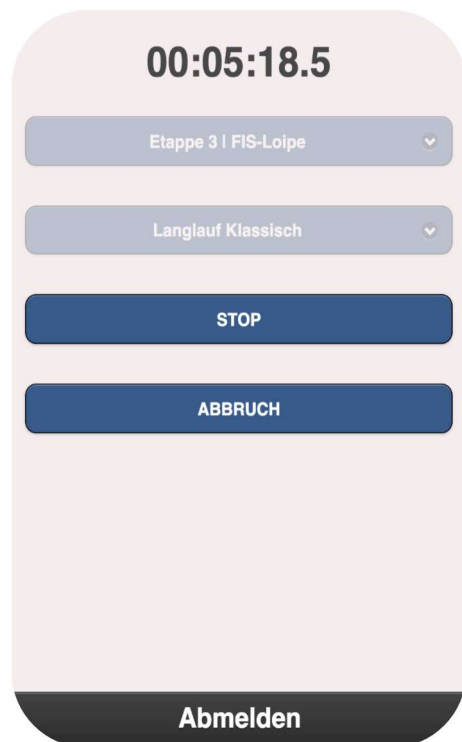

The screenshot shows a mobile app interface with a light pink background. At the top, there are three dark blue buttons with white text and dropdown arrows. The first button says "Ulrichen - Oberwald", the second says "Etappe 1 | Ulrichen - Oberwald", and the third says "Langlauf Klassisch". Below these is a dark blue button with white text that says "START". Under the "START" button, there is a block of text in German: "Los geht's! Cool, dass du mitmachst! Wähle deine Strecke und deine Sportart. Wenn du ready bist, tippst du „Start“. Im Ziel tippst du „Stop“. Nach der Teilnahme hinterlegst du deine Mailadresse, registrierst dich und schon erscheint deine Zeit in der Rangliste. Viel Spass!". At the bottom of the screen, there is a dark blue button with white text that says "Abmelden".

- Choose your sport and distance.

2. START/STOP

- Click on "Start"
- The smartphone does not have to remain switched on during the run.
- Click "Cancel" if you don't finish the run.

- Click "Stop" when you reach the "End of Challenge" sign.

3. CONFIRMATION
